

TEXTING EVERYONE IN YOUR PHONE

Since you're saved in my phone, that means you mean something to me. There's a reason for my random text today. So, I'm onto something very big, and I'm going to share it with everyone I care about. Stay tuned, I'm going to send you a text very soon. You'll thank me!

Ok, as promised there is something big that I've been invited in on. I think this is right up your alley, too. It's a chance to profit from the next big thing, an app everyone needs on their phone. If I get you a seat at an evening seminar this week, will you meet me there?

- OR -

If I send you a short video will you watch it?

BRIEFING:

*I got you a seat! The seminar starts at 7 p.m. Lock it down in your calendar. Here's the address _____
This is a one-time thing so I'm glad you won't miss out. See you there.*

VIDEO:

You may or may not be interested, but I'm very excited about it and I'm thinking you will be, too. Watch this video closely, especially the second part so you can see the money on the table. Call me right after because timing is crucial. [PBO video]

POSTING & TEXTING FOR MILLENNIALS

ONE MINUTE SURVEY TEXTS

Hey can I ask a quick favor? I have to get a short survey completed by 30 people in the next few hours. Would you take 60 seconds and fill one out for me? It would mean a lot to me.

Then send them the survey from your PBLS (Prospect App)
